### High Pectin Apple Fiber — Soluble & Insoluble Fibers Plus Apple Phytonutrients

**Ideal To Restore & Maintain Regularity — And To Flush Cholesterol Out Of Your Body. This Is A Unique SuperFood Grade Apple Powder. Apples Are Wonderfully Rich Sources Of Phytonutrients Antioxidants & Other Nutrients. Yet Typical Apple Fiber Products Have Been So Highly Processed That There Is Little Remaining Except For The Roughage-Type Fiber. Some Add The Pectin Back Separately, But This Does Nothing To Restore The Precious Phytonutrients. Ours Is The complete Natural Apple Pulp Powder Remaining After Cider Pressing. We Believe This Gives Our Powder A Big Advantage When It Comes To Immune Support — “An Apple A Day...” In Natural Foods There Are Balanced Amounts Of Both Soluble (Pectin) & Insoluble (Roughage) Type Fibers. In Your Intestine, These Fiber Types Work Together Synergistically To Give Stools The Structure And Water-Holding Ability Necessary To Capture Toxins, Heavy Metals, Excess Fats & Cholesterol And Carry Them Out Of Your Body. Without This Team Effort Of Both Fiber Types — Plus Sufficient Water — The Toxic Stool Water Concentrate Is “Drunk Back In” By Your Body & Cells, While A Tough Impenetrable Layer Of Waste Forms In The Intestine. This Blocks Nutrient Assimilation And Traps Most Toxins From Escaping. Just Add Our SuperFood Apple Fiber To Our SuperFoods & Water, And To Juices, Smoothies & Foods To Enhance Your Balanced Fiber Intake For Optimum Regularity, Health & Immune Performance.**
